Hosted by: SHIBAURA MACHINE COMPANY, AMERICA
AND THE POLYMERS CENTER OF EXCELLENCE

MOLDING 360-ADVANCED INJECTION MOLDING

This is an intensive, 3-day injection molding processing course designed to enhance skills and provide the tools required to maximize quality, productivity, and profitability.

Students will be taught how to develop a process through use of scientific molding concepts. Classroom learning is combined with hands-on learning at the machine.

This is an advanced level course and students are expected to already have a basic understanding of the injection molding process.

CLASS LOCATION:

THE POLYMERS CENTER OF EXCELLENCE
8900 Research Drive
Charlotte, NC 28262
